CHESS

MEN AND WOMEN

Chess is a two-player strategy board game played on a chessboard. The players take turns by moving one of their pieces.

Each player initially has one king, one queen, two rooks, two bishops, two knights and eight pawns.

The goal is for a player to checkmate his opponent; a situation in which the king is placed under an inescapable threat of capture.

MUAY THAI

MEN AND WOMEN, OPTION POSSIBLE

Muay Thai, sometimes called Thai boxing is a combat sport which was used by the armies of the Khmer Empire. Some call it “the art of eight members” as hands, elbows, feet/shins and knees are used as weapons to land devastating blows to the adversary.

It requires a good mental capacity (the ability to make adequate and prompt decisions, game intelligence etc.) and muscle flexibility and power. Muay Thai boxers develop explosive muscles, cardiovascular endurance, flexibility, speed, coordination and good mental balance.

The course will cover all phases of the activity:

- Punching bag
- Offensive, defensive and evasive training (with a partner)
- Paos training (striking targets which are held by the coach)
- Sparring (a 50% power fight with a partner)
- Fitness

Equipment and/or outfit required:

Basic sportswear

Boxing bandages (hand wraps)

Teeth protection (for those who wish to spar)

SALSA (LATINO DANCE)

MEN AND WOMEN

Salsa (which means 'sauce' in Spanish) is a subtle blend of many Latin and Afro-Caribbean (ex: Mambo, Rumba, Guaguancó) dances. Salsa is danced to 6 beats (there is a total of 8, but 2 beats are 'swallowed'). It is mainly danced by couples. There are many styles of salsa: Cuban, 'LA style', Colombian and Puerto Rican amongst others. Salsa classes are based primarily on technical steps, starting with the basic steps and adding progressively more complex, advanced combinations of steps and turns. Salsa dancing is a great way to stay healthy and fit and with its cheerful rhythm, is good for the brain and your mood!

Salsa has many benefits for the body and the brain such as weight loss and toning for a young and balanced body. It is good for the cardiovascular system and lung capacity. Salsa strengthens our stabilising muscles. It also helps to improve coordination and helps strengthen our reflexes. It also improves emotional health: dancing is recreational and an entertaining activity. It leads to a rich social life and is a good opportunity to meet new people. It improves our mood by raising our endorphin levels and can cure stress and depression, Salsa also helps you improve your confidence!

Equipment and/or outfit required:

Preferably dancing shoes or comfortable shoes
Trainers are not suitable
