Master in Banking and Finance: Law and Regulations of Banking and Financial Systems

The Master's degree in Banking and Finance prepares students for global careers in Banking and Finance by highlighting the substantial range of wealth management issues.

This degree introduces the students to the core frameworks of the global economy and global institutions which will improve their awareness about the theoretical models of economics, pricing securities, capital markets and treasury management at both microeconomic and macroeconomic levels, and the impact on policy issues. Programme content also includes banking regulations, monetary policies during the different phases of the business cycle.

The course structure is designed to ensure that students will emerge as skilful thinkers and problem solvers with strong communication, negotiations and decision-making abilities. The combination of intensive learning and practical application will sharpen skills, boost performance and ensure students are well positioned for a rewarding career.

Supported by Paris Descartes University professors and external working professionals, this Master's degree in Banking and Finance, allows students to gain access to faculty and professionals who have achieved worldwide acclaim. Beyond lectures and seminars, students can participate in workshops organised by industry professionals and prominent personalities from the finance departments of distinguished corporations.

Master's thesis

Students will be required to submit an extended essay based on their internship by the end of the first year. For their second year, students will be required to submit a research-based thesis.

Internship

For nonworking students, Sorbonne University Abu Dhabi has integrated a mandatory internship in the first year.

The internship will encourage critical thinking and improve students' reasoning abilities by blending academic theory with real life work experience. Students will benefit from a greater depth of experience working in a professional environment.

The internship also provides an excellent opportunity to gain crucial insights and improve access to various career opportunities in the region and beyond. Students will discover that this collaborative learning process can lead to enduring professional relationships, which will open doors and forge new career paths.

Assessment & graduation requirements

Throughout the year, there will be frequent assessment and evaluations. Students will be evaluated on individual assignments, internships presentations, reports and examinations, which usually take place towards the end of every semester. Attendance to all classes is mandatory and it is important that students are punctual and observe university regulations at all times.

Career prospects

Employment in the financial sector is notably competitive and graduates with a specialisation in Banking and Finance are highly sought after. For emerging and experienced finance professionals, career prospects are remarkably high and vary from senior positions in investment and commercial banking, asset management, risk management, financial services and consultancy or positions in multinational companies.

For fresh graduates, student career options include opportunities working as a financial analyst or a consultant in multinational corporations, investment houses and brokerage firms and supervisory roles in public utility companies, regulatory agencies and federal government agencies.

With this degree you will deepen your expertise and build a foundation to think beyond your job's functional limits and position yourself to become an important partner in implementing plans that deliver the best results. When you earn a Master's degree from Sorbonne University Abu Dhabi, you will join a network of successful business executives who have advanced their careers by developing their leadership and management potential.

Admission to our master's programmes is selective and competitive and each applicant will be considered on his/her own merit. Our admissions process ensures that every course has an ideal mix of people with talent, impressive interpersonal skills and a positive attitude.
