

**SORBONNE
UNIVERSITY
ABU DHABI**

Students will be required to sit an admission exam organised on Sunday, November 8 and on Thursday, November 12. Exams give an extra piece of information for every student who has applied for the Intensive French Program. Considered together with the other elements and information of students' application, the exam helps the Committee to identify the very best candidates.

The exam is a standardized aptitude test that measures student's readiness for college and potential to perform well. It is designed so that candidates should find it equally challenging, regardless what they have studied at school and what school examinations they took.

The test will consist of multiple choice questions (general knowledge, verbal, logical thinking) and of two small writing tasks to be answered within one hour, under exam conditions.

The Admission exam aims to assess the following skills and attributes:

- Adoption of an analytical approach
- Critical thinking skills
- Precision and clarity of writing
- Ability to organise ideas in a clear and concise manner
