**Educating students across diverse cultures, Sorbonne University Abu Dhabi (hereafter referred to as either "Sorbonne Abu Dhabi" or "the University") is dedicated to the delivery of high quality undergraduate, postgraduate degree programmes and Executive Education training designed to respond to the human resources needs of the UAE, the Gulf Region and worldwide.**

When students enrol at Sorbonne Abu Dhabi, they accept the rights and responsibilities of membership in the institution's academic and social community. As members of the Sorbonne Abu Dhabi community, students are expected to endorse stated institutional values by familiarising themselves with the local laws, local culture, as well as the Student Code of Conduct.

# Purpose of the Student Code of Conduct

The Student Code of Conduct establishes standards of expected behaviour for students and student organisations at the University, and puts in place fair and efficient procedures for protecting student rights and handling student misconduct.

Student organisations and/or individual members shall be held accountable for their conduct, whether the behaviour may have occurred before classes began, after classes ended, or if it is discovered after the student graduates. Inappropriate behaviour during the academic year, between academic terms or during periods of suspension or dismissal will be recognised as student misconduct. The Student Code of Conduct shall apply to a student organisation even if the student organisation disbands while a disciplinary matter is being investigated or pending.

# Student case resolution process

## Student witness and/or victim of a case of misconduct

If a student is a witness and/or victim of a case of misconduct involving one or several other students, members of staff and instructors or visitors, he/she should raise a complaint as follows:

Any charge alleging that a person or group has committed a violation of the code should be submitted as soon as possible after the incident takes place.

The complaint should be submitted by filling the online complaint form:

<https://forms.office.com/r/2AaAAQj8ud>

The complaint should contain the name of the complainant, a clear description of the act of misconduct, the name and/or a clear description of the person(s) involved in such an act and indicate if evidence and/or witness statements are available.

The complaint will then be referred to the relevant University official as per the following:

- To the Section Head- Student Housing if the incident occurs at the Residence.
- To the Head of the Student Affairs Department, if the incident occurs elsewhere in the University and is not academically related.
- To the Academic HOD if the complaint is related to strictly academic matters.  
In case an incident involving the Head of an academic department it will be referred to the DVC- Academic Affairs.

Based on the elements transmitted in the complaint, the relevant University official in charge will determine if there are sufficient grounds to proceed.

- In case of insufficient information or evidence, the complaint will be dismissed; in case of an unjustified complaint, the complaint will be dismissed and the complainant will be summoned by the relevant University official to respond to his/her own misconduct.
- If the complaint is refused and/or considered unjustified, the complainant may appeal such a decision to the University official's immediate superior authority. The appeal must be submitted in writing (via mail or email) and should contain the name of the complainant, the text of the original complaint, the name of the relevant University official it has been brought to and the reason invoked to justify the refusal of the case.
- If the complaint is considered as justified but cannot be resolved at this step, the complainant can request the relevant University official whom he/she had brought the original complaint to address it to his immediate superior authority. The same procedure as described above shall then apply.

## Student respondent of a case of misconduct

A student can be notified of an alleged violation of the Student Code of Conduct following a complaint lodged either by one or several other students, members of staff, instructors or visitors. Students notified of such an alleged violation (each a respondent) will meet first with the Head of the Academic Department in case of academic misconduct or with the Head of the Student Affairs Department in the case of non-academic misconduct. At this time it will be determined if the issue continues on to the Deputy Vice Chancellor for Academic Affairs.

Any respondent convoked to a hearing by the Disciplinary Committee will receive notification of the date, time and place of the hearing 24 hours in advance by email and by phone. The Deputy Vice Chancellor for Academic Affairs may postpone the hearing for academic or medical reasons. In case of emergency due to the severity of the case, the respondent can be summoned immediately. If a respondent decides not to participate in the hearing, the Disciplinary Committee can meet and take a decision in his/her absence.

During the Disciplinary Committee hearing, the respondent will have the opportunity to present relevant documents and other information. Presentation of information by the respondent is not unlimited: the chair of the Disciplinary Committee can at any time direct the respondent to move on from irrelevant documents, facts or arguments. The respondent can request the Disciplinary Committee to call witnesses, provided that the Disciplinary Committee agrees on the relevance of the proposal. The opportunity to call witnesses is accompanied by the obligation to provide the name of and rationale for each witness in writing. The Disciplinary Committee can then decide to suspend any decision after the hearing of the witnesses.

In cases where retaliation is a legitimate safety concern, the Disciplinary Committee may limit the respondent's opportunity to call or examine witnesses.

All issues discussed and information shared in the complaints and Disciplinary Committee hearings will be kept strictly confidential.

An appeal against the decision of the Disciplinary Committee can be addressed to the Vice Chancellor. The appeal must be submitted in writing (via mail or email) to the Vice Chancellor's office and should contain a copy of the Disciplinary Committee's decision as well as a clear justification for the request of an appeal.

# Organisation case resolution process

## Student witness and/or victim of a case of misconduct involving a student organisation

If a student is a witness and/or a victim of a case of misconduct involving a student organisation, he/she should raise a complaint as explained above (p. 14). The Head of the Student Affairs Department will determine if there are sufficient grounds to proceed. In the case of insufficient information or evidence, the complaint will be dismissed. In the case of an unjustified complaint, the complaint will be dismissed and the complainant will be summoned by the Head of the Student Affairs Department to respond to his/her own misconduct. If the complaint is refused and/or considered unjustified, the complainant may appeal such decision with the Head of the Student Affairs Department's immediate superior authority following the same procedure as described above.

## Student organisation involved in a case of misconduct

A student organisation may be subject to the disciplinary process in the following situations when:

- An alleged offense was committed by one or more members of a student organisation and was carried out on behalf of the student organisation and/or was sanctioned by a student organisation's officer and/or student organisation funds were used for financing the alleged offence and/or the alleged offence was supported by a majority of the student organisation's membership.
- An alleged offense occurred as a result of or as part of a student organisation sponsored function.
- The Disciplinary Committee called to investigate an offense by one or more individuals deems that the offense, by its nature, concerns a student organisation as a whole and not only the actions of the individual members.

## The university's disciplinary process will then proceed as follows

- Any activities and/or recruitment of the student organisation will be suspended until investigations and the disciplinary process is complete.
- A committee under the supervision of the Head of the Student Affairs Department will investigate to determine the responsibilities of both actors and instigators of the alleged offense. Disciplinary Committee(s) will be then held according to the proposals of this committee on an individual or collective basis.
- According to the decision of the Disciplinary Committee(s), the dissolution (temporary or permanent) of the student organisation will be effective.

# Student Council role

**The Student Council is the executive authority of the student community. It serves as a crucial and direct connection between Sorbonne Abu Dhabi's administration and students. The Student Council aims to support students in their views and concerns and to look after the common interests of all students.**

If the Student Council is a victim of an act of misconduct as an organisation, it can raise a complaint through a member specially designated to do so by its board. It cannot raise a complaint in the name of a student but it can help him/her to do so.

### Suspension

An action that excludes the student from registration, class attendance, residence in University-owned or managed housing and the use of University facilities for a specified period of time. The privilege of the use of University facilities/property is withdrawn by this action unless specific written permission is obtained from the conduct officer. When the suspension action is decided upon during the last full week of classes for a term and the presence of the student on campus is deemed not to be a threat, the suspension may be deferred until the end of the term at the discretion of the Disciplinary Committee. Once the student is readmitted, further incident(s) of misconduct will result in additional suspension periods or expulsion. The failure to observe the terms and conditions of a suspension may cause the extension of the suspension period or further disciplinary action.
