### Glossary

**ABJ/ABI**
These acronyms stand for Absence Justifiee (justified absence) and Absence Injustifiee (unjustified absence). ABJ certifies that the University recognises a valid reason why you were unable to sit an exam but it does not allow you any extra catch-up sessions.

**AJAC**
In some specific condition, you may be allowed to continue in the next year of the programme, although you have not validated the year, as AJAC (ajourne admis a continuer). Kindly refer to the progression rules of your programme.

**D.U.**
The acronym D.U. stands for “Diplome d’Universite”. Each University has its own diplomas, called Diplomes d’Universite, which are recognised internally.

**ECTS**
The acronym ECTS stands for “European Credit Transfer System”. A credit system is a systematic way of describing an educational programme by attaching credits to its components. ECTS is based on the principle that 60 credits measure the workload of a fulltime student during one academic year. Credits in ECTS can only be obtained after successful completion of the work required and appropriate assessment of the learning outcomes achieved.

**HoD**
The acronym HoD stands for “Head of Department” (in French, “Chef de Departement”). Each department, be it academic or administrative, is led by a HoD. However, when people refer to “your HoD”, you should usually understand “The Head of the Academic Department you’re registered in”.

**IP**
The acronym IP stands for “Inscriptions pedagogiques” and refers to the registration in a course. Even if the courses are already designed by the curriculum itself, you must be registered in the courses, as this is mandatory to sit the exams.

**Jury**
It is the official entity responsible for reviewing results and making them official for release. The jury can help you to succeed or validate a semester by granting you “point de jury”, which usually does not exceed 0.1 of the total average grade (a 09.5 average grade cannot be increased to a 10). The jury is the ultimate authority in all grades-related decisions.

**Maquette**
In the French system, all degrees follow a strict curriculum that arranges which topics you must follow, and for how many hours, in order to graduate. This curriculum is called the “maquette”.

**MCC**
The acronym MCC stands for “Modalites de Controle des Connaissances” and refers to a document which summarises the way in which assessments are organised throughout the year and during the exam session, as decided in the partner Universities in Paris.

**MYSSB**
Student Online Access to the Banner system including access to personal and payment information

**Visiting Professors**
Most of the Visiting Professors are Professors or Associate Professors in Sorbonne Universite or Universite Paris Cite (Sorbonne Abu Dhabi’s partner Universities) and come to Abu Dhabi specifically to deliver their course in an intensive two-week period. In French, they are also referred to as “missionnaires”.

**Relevés de Notes**
It is the French translation for “academic transcripts”. In a transcript, the final result is given by a grade out of 20, which reflects the general average of the semester (all UE averages based on coefficients). The grade goes along with a short, written comment which can be: Admis (admitted) / Ajourne (not admitted) / Acces etape superieure (you have not validated the year, but you’re allowed to enter the higher level, as an AJAC student) / Compense (Pass with compensation between UEs or semesters).

**Session**
Each academic semester ends with an exam session (called normal or first session); January exams cover courses completed in semesters 1, 3 and 5 and May or June exams cover courses completed in semesters 2, 4 and 6. Additionally, another session (called catch-up/make-up or second session or second chance) is organised in mid or late June, which covers the resit exams for both academic semesters. Only courses and programmes assessed through final exams (CC+ CT or CT only) are concerned by the exam sessions.

**UE & EC**
Stands for “Unites d’enseignement” (Units of teaching). UEs may be divided into sub-subjects called EC (Elements constitutifs). An EC is usually one course or one subject.

About Sorbonne University Abu Dhabi

History

In 1257, in Paris, Robert de Sorbon brought together students and teachers to establish what was then called a Universitas (Community) and settled it in the centre of Paris. This Universitas played a central role in making the city an important cultural and scientific centre of Europe. Sorbonne Université is one of the oldest and most prestigious universities in the world, and its buildings are still standing on the very site of the first foundation, in the heart of what is known as the Quartier Latin, in reference to its history. A centre of excellence, it is devoted to studies and research in the fields of Humanities, Sciences and Medicine. The unparalleled teaching of its professors has created generations of intellectuals and decision makers, with an open-minded view of the world.

Today Sorbonne Université has 55,300 students and 6,400 teachers who play a role in making it internationally renowned, carrying out research at the very highest level.

In 2006, Paris-Sorbonne University Abu Dhabi opened in the capital of the UAE as a result of an agreement between the Abu Dhabi government and Paris-Sorbonne Université. A University in which the curricula, the methods, as well as the spirit are identical to those developed in France. In addition to its main field, the Humanities, it added degrees in Law and Economics as well as Sciences, thanks to partnerships with two other internationally recognized Universities, Paris Descartes University, and Pierre et Marie Curie University. In 2018, Paris-Sorbonne University and Pierre and Marie Curie University merged to give birth to Sorbonne Université. Sorbonne is now well-positioned as a multidisciplinary research-intensive university offering a wide disciplinary range in arts, humanities, social sciences, natural sciences, engineering, and medicine. The merger also resulted in the change of name of Paris Sorbonne University Abu Dhabi to Sorbonne University Abu Dhabi. At the same time, Université Paris Descartes became Université de Paris, and now it is Université Paris Cité.

Sorbonne University Abu Dhabi is therefore the combination of such heritage and spirit of innovation. Visiting Professors come from France to deliver some
of the courses. This is conducive to the exchange, enrichment, and discovery of ideas. It is the guarantee that the level of the degree is the same as in Paris.

Establishment

Sorbonne University Abu Dhabi (previously, Paris Sorbonne University) was established by Federal Decree, Law No. 14 of 2006, decreed by H.H. Khalifa bin Zayed, Ruler of the Emirate of Abu Dhabi. Sorbonne University Abu Dhabi (SUAD) is an Emirati university that benefits from the 760 years of knowledge and excellence of the Sorbonne, with a campus that combines comfort with the efficiency of new technologies.

University Vision, Mission, and Core Values

Vision:

To create and maintain a university in which, for the benefit of the UAE and the world, the core competencies and rich heritage of Sorbonne University in Paris stimulate intellectual excellence, innovation, critical thinking, harmonization of cultures and development of knowledge.

Mission:

Sorbonne University Abu Dhabi is committed to the renowned excellence and worldwide recognition in Francophone education. Assimilated in the UAE national context, it is an exceptional model of learning and knowledge development that aims to create global leaders and thinkers and promote dialogue of cultures and civilizations.

Core Values:

SUAD embraces four, mutually reinforcing, core values that set the standard for how we conduct ourselves at the university and how we communicate with others in order to best serve our students:

- Academic Excellence
- Freedom of Thought
- Ethical Integrity
- Cultural Diversity
Licensure

Sorbonne University Abu Dhabi (SUAD), located in the emirate of Abu Dhabi, was officially licensed from 23 September 2018 to 1 September 2023 by the Ministry of Education of the United Arab Emirates, to award degrees/qualifications in higher education.

Accreditation

SUAD grants degrees from Sorbonne University (Paris) in the fields of Sciences and Humanities and The University Paris Cité, in the fields of Law and Economics, that are internationally renowned. All our academic degrees are accredited in France and in the 48 countries members of the Bologna Agreement. They are also all accredited by the Commission for Academic accreditation of the UAE.
SUAD’s organizational framework is outlined below. In accordance with the bylaws of the University, there is a Board of Trustees which is comprised of 10 members; an Executive Committee which has 14 members and thereafter the Leadership of the University, and the respective departments.

Sorbonne University Abu Dhabi
Student Catalogue 2023 / 2024
Since 2009, Sorbonne University Abu Dhabi has had the privilege of occupying a new campus on Al-Reem Island thanks to the foresight of, and courtesy of, the Abu Dhabi Government. This is testament to the high quality of asset development in the UAE as Abu Dhabi continues to invest in world-class education resources. This campus respects the traditional architecture with a design similar to the chapel of La Sorbonne in Paris, while offering the latest facilities and technologies within a modern setting.

Library

The library at Sorbonne University Abu Dhabi is a premier resource centre housed at two levels occupying a total floor area of more than 5,000 square meters. It supports the University mission of “providing an exceptional model of learning and knowledge development” through identifying, organizing, preserving, and offering resources that support teaching, learning, and research. The SUAD library has a collection of over 110,000 print books and 77 printed periodicals. It also subscribes to a number of electronic databases, which provide full text access to more than 560,000 electronics books and 56,000 electronics periodicals.

The following information resources are available in the library:

Books and reference works covering the subject areas of Philosophy, Religion, Politics, Economics, Law, Language and Literature, Management, Art, Archaeology, Geography, History, Mathematics, and Physics. **Student Housing/Residence**

You have probably already discovered the student residence by now, with its fully equipped rooms and extensive facilities and services in the common areas. If not, you will find a complete description and details at https://www.sorbonne.ae/student-and-campus-life/student-housing/

Divided into Female and Male buildings, both located within the university campus, the residence aims to offer you a safe and well-maintained living environment most conducive to learning. On each floor, as well as on the ground floor of each building, common spaces (lounge, study rooms, kitchen etc.) are shared by residents and are open 24/7. Additionally, the residence organizes various activities throughout the year in order to establish and foster links between students. These activities are coordinated by Resident Assistants who work under the supervision of the Student Housing Team.

The residence is a place of life and exchange in an international context, a place where everyone takes part in student life. It aims to bring serenity and safety to each student. Therefore, it is essential to set and observe collective rules in order to make this experience a success. The Residence’s rules and
regulations can be read and downloaded from the web link: https://www.sorbonne.ae/rules-and-regulations-student-housing/

The reception staff, security guards, and cleaning team are here to help you keep the Dorms a clean, safe, and quiet place to study, relax, and enjoy the company of other residents. Please make sure that you help in preserving this environment for everyone by adhering to the Residence’s Rules and Regulations and by consulting the bulletin boards on a daily basis.

Every student should be able to fully enjoy their stay at the residence; you are responsible for establishing and protecting an environment of confidence and respect both amongst the residents and between the residents and the staff. In case of a medical emergency, you need to inform directly the medical team and the receptionist of your building. They will guide you on further actions.

The residence rent payments must be made prior to your arrival to secure your place in the residence. Enquire about the mode of payment and any other details you wish to know with our Finance Team at finance-cm@sorbonne.ae

Peer Mentoring, Peer Tutoring and Counselling Services

Peer Mentoring

In order to support students, Sorbonne University Abu Dhabi offers the Peer Mentor programme. The programme is committed to providing an engaging and supporting community learning experience that supports new students in their academic, social, and cultural transition to Sorbonne University Abu Dhabi. Throughout the year, our mentors provide ongoing support to a select group of mentees with a focus on easing their transition to the university, bridging cultural gaps when necessary, directing them to on-campus resources, and helping them succeed. Most importantly, Peer Mentors can become a friend that new students can speak with regarding issues relating to their day-to-day experience at Sorbonne University Abu Dhabi. Peer Mentors meet with their mentees on a bi-weekly schedule to review a variety of selected topics on an individual basis or within groups.

Peer Tutoring

Students who find some aspects of their courses challenging are assigned a Peer Tutor. Typically, a Peer Tutor is a senior student who provides guidance and support to another student to improve academic achievement.

The Success and Wellbeing section assigns all Peer Tutors with their Tutees. Peer Tutors meets their tutees at a mutually agreed schedule upon assigning done by the S&W team. The Success and Wellbeing Office approves tutoring hours.

Student Events and Culture

The privilege of being in the UAE gives students the opportunity to discover different cultures to participate in many events & activities. Students from different disciplines can attend and experience conferences, forums and talks in and out of campus. The University collaborates with different cultural entities such as Louvre Abu Dhabi Museum, Guggenheim Abu Dhabi Museum, Cultural Foundation, Qasr Al Hosn, Youth Hub and many more. In order to broaden the range of student activities and to encourage an exchange of ideas, a wide variety of artistic events are arranged, blending contemporary elements with tradition and fostering cultural and linguistic diversity.

These include:
- **Music:** Piano, Guitar, Violin, Al Oud, Al Qanoun, Choir
- **Arts:** painting, calligraphy, theatre, cinema, and poetry evenings where poets from the community as well as students from other universities are regularly invited to join
- **Workshops:** running a set of workshops during the academic year to allow students explore new skill or develop their own to have successful and balanced life.

Additionally, different clubs and workshops are organized under the guidance of qualified professionals from different nationalities to enhance student experience through culture. It educates students on how to build bridges with the world around them through multicultural dialogue. A soft skills programme is also implemented to encourage students develop their personal talents.

- Workshops focused to support students mentally and socially. This includes individual and/or group support and wellbeing workshops for students
- Cultural Events that help students expand their understanding and knowledge of the cultural, historical, and sociological backgrounds of the UAE and of other regions around the world
- Safari, cultural trips, and guided tours organized with the collaboration of Emirati students
- Panel discussions, debating clubs, events, organized to enhance the Sorbonne University Abu Dhabi community

**Student Clubs**

Student clubs are very important to Sorbonne university Abu Dhabi and are an integral part of every university student’s learning process, allowing students to develop their own interests and hobbies in addition to their professional courses. Whether the club is about science, art, culture, history or society, our students will always find a place that suits their interests.

Sorbonne University Abu Dhabi supports and encourages students to participate in various clubs, our clubs include Mindfulness, Haneul Korean Club, Sorbonne Humanitarian Initiative (Red Crescent Club), Sorbonne Model United Nations Club, Arabic Literature Club, Social Events club, Environmental health club, Magazine Club (Journalism), Tolerance Club, Club L’artisan (Visual Arts Club), Calligraphy Club and poetry club. Through the clubs provided by SUAD, we hope that students can discover their strengths and use them to make college life more interesting. The clubs that we provide are closely related to the various courses of the University. Through these clubs, we can provide more services for our students and lay a good foundation for future employment.

If a group of students would like to establish a new club or associate, they should follow the University’s process by completing the new student organization recognition form which is available at the student events and culture section.

When filling out the form, please note the followings:

- Your club’s primary email contact
- Advisor contact information. It is recommended that each student’s club must select an advisor to work with your group. Advisors should be full-time permanent SUAD faculty members
- Contact information for the four key officers (please note that these four officers are the only ones coordinating with the community and student activities team on behalf of the head of the club)
- Proposed plans and activities for the current school year

Please contact the Student Events & Culture Section (csevents@sorbonne.ae) if you have questions or need assistance to complete this form.
Statement of Student’s Rights and Responsibilities

Your Rights and Responsibilities

SUAD fosters a learning environment that is positive and supportive of your academic pursuits. Students and faculty are expected to function with trust and mutual respect that welcomes inclusion and diversity, varied perspectives, and a myriad of world views in the campus environment. In keeping with the philosophy and goals of the university, we greatly value the importance of personal and intellectual integrity, freedom of speech, and appreciate diversity with regard to gender, race, religion, and ethnicity.

SUAD students have the right to pursue their education in an environment that encourages learning and embraces innovation, in a free and fair manner, as long as they remain a member of the student community and continue to adhere to the University’s academic and behavioural standards. All SUAD students have the right to:

- Be treated with dignity and courtesy at all times
- A respectful environment free of verbal or physical harassment
- Obtain course information- syllabus, course objectives, requirements and criteria of the grading process, and a course schedule for the semester (with reasonable notice) to make an informed course selection
- Know the requirements and criteria of the grading process and seek advice on how to perform better
- Consult academic and administrative staff on matters relating to their programme of study or on general policies and procedures through emails, or in person with pre-scheduled appointments or during posted office hours
- Expect timely and courteous responses (normally, within 1-7 business days) from academic and administrative staff on email enquiries related to the programme of study or general policies and procedures
Behave appropriately in class and conduct themselves with courtesy in their dealings with faculty and fellow students

Read, review, and understand all information related to their course, grading pattern, any information posted on Blackboard, and examination dates

Maintain current personal contact information (address, email, telephone numbers) with the University

Maintain and be responsible for any official communications directed to SUAD e-mail accounts

Understand and respect all assignment deadlines, and not engage in activities (such as cheating, fabrication, plagiarism etc.) that can damage the reputation of the University

Inform the university of any mental/physical disability for which reasonable accommodations are sought. Such requests should be accompanied by a medical assessment report from a health professional indicating the support needed by the claimant in terms of auxiliary aids and services

Read and understand university policies, rules, and regulations and abide by them at all times

Student Complaints Process

The student complaints process is explained in the student’s code of conduct: https://www.sorbonne.ae/wp-content/uploads/2023/08/Student-code-of-conduct.pdf

Attendance and Working Students

All diplomas offered by Sorbonne University Abu Dhabi are based on you being physically present as the core teaching method is grounded in face-to-face teaching, which includes an important part of knowledge delivery and assessments done during the course (either a 2-week period in the case of a Visiting Professor’s class or the whole semester). Most of the courses are, indeed, evaluated by a mix of assessments during the course itself - a system known as “Contrôle Continu” (CC) — such as exposés (oral presentations) or tests, and a final exam which takes place at the end of the semester. In class, students acquire knowledge, increase methodology skills, ask questions, learn from the others, etc. Therefore, attendance is mandatory to succeed.
Attendance is compulsory to all types of classes, including lectures, tutorials, labs, conferences, and class related activities. Students who do not comply with internal regulations on attendance will be required to meet with the Head of Department, alone and/or with family, and may be subject to disciplinary sanctions. In undergraduate programmes if a student’s recorded attendance is less than 80% of the sessions of one course, the student may not be allowed to sit for the final exams of that course. If the student’s average recorded attendance is less than 80% of the classes offered in the programme, the student can be dismissed from the programme. In FLE Foundation Year if a student’s rate of absences reaches 40% per semester in more than 3 courses (each of them), or 20% of overall absence; the student may not be allowed to sit the mi-DU or the DU exams in June.

Exception of attendance is permitted in some cases. Students who are unable to attend classes due to critical illness, injury, or other compelling medical reasons must contact their Head of Department directly to alert them to the situation. In such cases, all absences must be justified by producing a Medical Certificate issued by a Health Authority.

Undergraduate students who are unable to attend classes due to current employment, should obtain an approval for absence. The student meets with the Head of Department to determine the best plan of his/her academic path. The case is brought to the Deputy Vice Chancellor for Academic Affairs for approval. Work certificates should specify working days and hours and be renewed every 3 months; a general letter stating employment for the whole semester will not be accepted. It is the responsibility of the student to ensure faculty and admin staff are informed of the student's work commitments and mutually agree on the terms. There will be no reduction in tuition fees granted on the basis of the student’s inability to attend classes and should be compensated by additional work determined for each course. Due to their professional activities, attendance of postgraduate students may follow specific rules, in agreement with the Head of Department of the programme.

The value of your degree relies on the seriousness in which assessments and exams are conducted. Sorbonne University Abu Dhabi is determined to fight any kind of fraud and cheating. Cheating or plagiarism in exams or any kind of assessment may lead to serious consequences and should be avoided.

It is your responsibility to bring only authorized material for your exam, to read exams rules and regulations, as well as the student code of conduct, notably the section related to “Academic misconduct” and to strictly abide by these rules for every kind of assessment (exam, essay, oral examination etc.)

Academic Misconduct

SUAD is committed to achieving academic excellence while maintaining the highest levels of academic integrity, honesty, and truth. SUAD has attached the utmost importance to academic integrity for the functioning of the University and its stakeholders. It is the responsibility of all academic staff and students of SUAD to promote practices that uphold academic integrity and to discourage the use of any unethical means in research and scholarly activities. It also encourages all stakeholders to report any known violations.

Note: This policy on academic integrity should be read in conjunction with the relevant policies on academic integrity across educational programmes, registrar, and student affairs section.

Responsibilities of faculty and students

All faculty and students of SUAD are expected to carry out their academic responsibilities with honesty and integrity and encourage their peers to do the same.

All faculty should take additional responsibility to promote and ensure adherence to academic integrity amongst students. This includes:

- Educating students about the importance of maintaining academic integrity and the consequences of non-adherence to the same.

- Advising students on the appropriate course of action/ ethical practices to abide by during examinations and in classes.

- Reporting any act of academic misconduct to the relevant authorities as soon as any misconduct is reported.

All academic processes, and practices shall be developed in accordance with this expectation and shall support the stakeholders in adhering to the core values of SUAD.
Forms of academic misconduct

- Any action or behaviour that is against SUAD’s core values and disrespects the principles of truth and honesty will be construed as academic misconduct. This includes but is not limited to:

  - Plagiarism – Using someone else’s content and ideas where original work from the student is expected. This includes but not limited to:
    - The presentation of another person’s words, ideas or data as the student’s own work especially in exams, essays and/or thesis, without complete, accurate and specific references to the original work.
    - Modification, translation or even paraphrasing someone else’s words without acknowledging the source will be considered plagiarism. Plagiarism covers unpublished as well as published sources.
    - Submitting as own, any academic exercises prepared totally or in part by someone else.
    - Letting another student present your work as his/her own is considered as collusion in the case of plagiarism.

- Cheating – Using unauthorised means including materials and resources to complete an academic activity. This includes but not limited to:
  - Attempt and/or intention of cheating by preparing materials and/or entering a building or office for the purpose of cheating.
  - The possession or the use of course notes, materials, resources or devices (e.g., programmable calculator, dictionaries, cell phone or any other electronic device, smart watches and hidden earpieces) when such is unauthorised or prohibited.
  - Disturbance of exams due to the possession of unauthorised material and/or device not related to the exam’s matter is an academic misconduct.
  - Having or using concealed notes.
  - Copying from another student without the permission of the teacher.
  - Taking a test for someone else or trying to have someone else take one’s own exam.
  - Turning off the camera during an online exam is considered as an attempt to escape the proctoring process.
  - Submitting a final exam without attending the online session for identity verification and proctoring during an online exam.
  - Acquiring, distributing, selling or otherwise making available exam/test papers before an examination is a violation of the Student Code of Conduct as well as a criminal offence.

- Falsification/ Fabrication – Providing false information or hiding actual information/data in order to gain benefits or advantage such as grades and scholarships. This includes but not limited to:
  - Replacing actual results of an experiment with false data or hiding incorrect findings to gain grades towards course completion.
  - Altering grades/scores obtained on an examination and appealing to the faculty as miscalculation of score.
  - Submitting false academic and other records at the time of admission.
  - Unauthorised use of someone else’s credentials to complete an academic activity.
  - Engaging in any behaviour with the intent to obtain an unfair advantage (exam accommodation, extra time etc.).
  - Counterfeiting data, information, or procedures with inadequate foundation in fact.
  - The submission of a falsified excuse/justification for an absence from a course.

- Sabotage –
  - Intentionally destroying/spoiling peers’ data or academic work such as report, and presentations.
  - Falsely accusing someone of committing academic misconduct to spoil their reputation and academic results.
  - Using other student’s assets such as laptop to perform any unethical activity.
  - Damaging academic resources of the University such as laboratory apparatus, library books, etc.

- Academic dishonesty –
  - Attending an exam while being excluded.
  - Submitting one’s own work previously submitted and graded on multiple occasions to different faculty.
  - Indulging in unethical acts such as giving away/procuring academic projects, already graded assignments over a monetary transaction.
  - Not reporting an act of misconduct by any other student in exchange of favours, or otherwise.
  - Intentionally assisting someone in committing any of the above forms of misconduct or other untruthful or dishonest acts.
◆ Communication – Communicating with any person other than an invigilator during an exam. Communication includes but not limited to:
- Verbal or written communication between students during an examination.
- Exchange of papers/documents and/or material during an examination.
- Attending a phone call during an online examination.
- Verbal or written communication between the student and any person other than the invigilator, Exam Officer or DTI technician during an online examination.
- Not being alone in the room during an online examination.
◆ Other forms of violation – There may be other acts or behaviour that will be construed as unethical and as a violation of academic integrity.
This includes bribing someone to do one’s work, and forging signature/approval on academic documents such as evaluation reports, among others.

It is important for academic stakeholders to be aware of what constitutes academic misconduct, and every department may adopt a communication session to educate academic staff and students about the different forms of misconduct.

For detailed information on exam violations and sanctions, please refer to the exam policy in Registrar section.

Levels of violation

The different forms of academic misconduct may have consequences that impact the institution and its outcomes at different levels. To deal with any form of academic misconduct in a fair and transparent manner, it is critical for SUAD to determine the level of violation and impose penalty in accordance with the same.

The actual level of violation will be determined by the Disciplinary Committee once any case is reported taking into consideration the implications/impact and/or intent of the violation and recurrence of violation, if any.

Resolution of academic integrity violations

To support and protect stakeholders in the process of reporting, a facilitating system will be created by SUAD where the identity of the person reporting is kept confidential.

To ensure that any misconduct is dealt with in a fair and consistent manner, all violations that are reported will follow a standard procedure involving multiple stakeholders within the SUAD system.

Any student who wishes to report an act of misconduct should report the same in confidence to the course faculty member with accurate information explaining the act.

It is the responsibility of the Head of Department to establish the appropriateness of the misconduct report by having a discussion with both the stakeholder who has reported misconduct and the student who has been alleged to have violated the policy separately in confidence.

The faculty can close the report after discussion if he/she feels that no act of misconduct has been committed. If otherwise, the faculty should report the violation to the Disciplinary committee as soon as the discussion is done along with case facts.

The disciplinary committee, that consists of HoD of the relevant department, HoD – Registrar and DVC-Academic Affairs, has the responsibility to conduct due-diligence and ascertain the accuracy of case facts by interacting with both the parties (faculty and alleged student).

To ensure transparency and adoption of standard procedures, the disciplinary committee should document all the steps followed and the final decision taken.

Any initial false report with the intention of maligning the other person will be considered as violation on part of the stakeholder reporting the misconduct and will be dealt with in the same manner as stated above.

Penalty/Sanctions

If a violation has been identified and confirmed, one of the penalties stated below can be imposed based on the level, severity and recurrence of violation:

◆ Warning letter – a written warning letter that will be included in the student’s file.

◆ Cancellation of a specific exam: – cancellation of the exam where the incident happened. The student will be noted as “Défaillant (Absent/failed)” and have to retake this exam in the catch-up session if any.

◆ Cancellation of the exam session: – cancellation of all exams of the same session, the student will be noted as “Défaillant (Absent/failed)” and have to retake the exams in the catch-up session if any.

◆ Suspension for part of the course – Major violations that have a significant impact on any student’s, academics or the institution’s reputation or any outcomes of SUAD may result in temporary dismissal/suspension for part of the course.
Dismissal from SUAD – Severe violations and multiple instances of minor violations may result in permanent expulsion from the University.

### Academic Integrity Appeals

- Every stakeholder at SUAD is allowed to contest the sanctions imposed by the disciplinary committee if the decision is perceived to be unjust or unfair.
- The same can be appealed to the VC and the case file and supporting documents will be shared by the disciplinary committee.
- The appeal must be submitted through Registrar Helpdesk and should contain a copy of the Disciplinary Committee’s decision as well as a clear justification for the request of an appeal. For details on forms to be submitted, please refer to the exam policy in Registrar policy manual.
- On analysing the case facts and hearing to both parties, a final report will be submitted to the Vice Chancellor along with the original report and final action will be taken.
- The decision against the appeal will be considered final and will be documented and reported to relevant authorities within the University and external stakeholders, if required.

### Academic Disciplinary Actions

You should adhere to university policies on behaviour, attendance in classes, and exam regulations. Students who fail to respect these regulations will be subject to a decision taken by a Disciplinary Committee. The applicable disciplinary sanctions may be, in addition to the cancellation of the grade of the concerned assessment, verbal and written warnings, cancellation of the grades of a whole semester, temporary exclusion from the university, dismissal, or any other decision taken by the Disciplinary Committee based on the severity of the violation.

### Access to Student Records

The Admission Section is committed to maintaining the accuracy, integrity, and privacy of students’ academic records, ensuring compliance with SUAD policies, and facilitating administrative processes for students, faculty, and staff. A student’s education record may be files, materials, or documents that contain academic, disciplinary, and administrative information directly related to the student and maintained by the University.

The following documents are stored as an electronic record:

- Application form
- Personal Details: Name, address(es), telephone number(s), e-mail address, photographs, birth date and place, programme enrolled, credential awarded, copy of Emirates ID
- Certificates / transcripts of all qualifying examinations
- Admission letter, visa, and passport copies
- Enrollment and registration details of the programme
- Transcripts and degree progress
- Medical Information

The record keeping system at SUAD ensures that student records are created, managed, archived, and maintained for the lifetime of the student. The system assures confidentiality, access to authorized users, and secured record keeping. The Admission Section in coordination with the Digital Transformation and Innovation (DTI) Department, employs the Student Information System “BANNER” in maintaining students’ records, supported by the sales force student recruitment process. Students and faculty have individualized secured account on the Banner to access their relevant records, courses, class schedules, transcripts, etc. SUAD students have the right to access their grades on-line.

SUAD’s DTI Department is primarily responsible for performing data backup, providing system support, and ensuring that best practices are followed. Students’ electronic records are stored in databases on a physical server housed in the Data Centre. Database incremental backup is scheduled daily, using storage devices and tapes. The backup tapes are stored in a fire-proof box in the Data Centre. Recovery is tested by authorized DTI staff every month. In addition to the database backup, the servers are also backed up on a daily (full backup) basis. The backups will be stored to a primary location installed in the Data Centre and are retained for a period of one year. Access to the onsite backup location and storage is restricted to authorized IT personnel only.

Access to students’ education records is permitted to authorized personnel of SUAD for academic purposes such as recording grades, attendance, advising, or review of academic progress. Academic information of students such as grades and attendance, may be communicated to their parents (i.e., mother and/or father, or a legal representative/guardian as defined by UAE Law). However, transcripts are handed to students only. These documents may be shared with a third party only on receipt of a written request from the student. The University may also disclose academic/personal information to UAE Government Authorities and/or to Embassies, when requested.

Use of University Facilities

Institutional facilities have a profound impact on teaching and learning. The Procurement and General Services Department of Sorbonne University Abu Dhabi enforces rules and regulations pertaining to maintenance of physical facilities. The Department is adequately staffed to respond to emergency situations, monitor personnel on campus, and provide other services related to the campus community. It maintains close working relationship with local law enforcement authorities in the UAE and other emergency service agencies on all matters related to the safety and security of the campus.

The University recognizes its responsibilities in shaping the values of future generations and aims to ensure sustainability through protection of human health and safety as well as preservation of its surroundings. Students are expected to follow the Health and Safety regulations whilst using the facilities (including laboratories) on campus. Students must, at all times, be aware of their surroundings, potential risks to personal safety, and report suspicious actions to campus security guards.

Any activity that leads to damage of university property and threatens the security of personnel is treated as a case of misconduct and can attract disciplinary action. Students are required to:

- be alert when using University equipment and help protect it from theft, unauthorized use, or vandalism
- prevent unauthorized use of computing devices and associated peripherals, printers, scanners, copiers, telephones, video and multimedia devices, and all kinds of software
- report all suspicious activities involving students or staff having possession of any kind of weapons, chemicals, and any other materials prohibited by law

Graduate Entry Requirements

In order for applicants to be considered for admission, they must meet the general minimum entry criteria for admission at the PG level, as well as any other requirements specific to the program they are applying to. This shall include, but is not limited to, academic background, language proficiency, professional experience and interview (when applicable).

All candidates applying for a postgraduate program offered at SUAD must meet the following entry admission criteria outlined in the table below.

For applicants having received a Bachelor degree below the required score:

• Bachelor students with a GPA between 2.5 until 2.9 (or equivalent scores as per the equivalency table) may be conditionally admitted under probation during the first semester. The student will be authorized to continue in the program only if they secure an average of at least 12 out of 20 which is obtained by the end of the first semester. The decision is based on academic performance and will be made official after the completion of the first semester.

• Bachelor students with a GPA below 3 may be admitted on the ground of their professional and/or personal experience, in case they are granted a VAPP by SU’s or UP’s VAPP commission.

The student is not allowed to sit the catch-up session.  
Financial impact: Admin fee is not refunded at all times. Tuition fees refund will be based on finance policy |
**Exchange Programme**

Sorbonne University Abu Dhabi welcomes exchange students from Sorbonne Université for either one or two semesters on a yearly basis. Exchange students join Sorbonne University Abu Dhabi in order to learn more about the UAE and its heritage, as well as to communicate with students from various backgrounds and learn more about different cultures.

The exchange programme is also open to SUAD students in L2 and L3 or at the Postgraduate level where you can spend a semester at Sorbonne Université in Paris. To be eligible, you must have completed at least 1 year of studies at SUAD and have received a minimum average of 12/20 the previous semester. Students who have a semester in debt or who are AJAC are not eligible. The approval of your Head of Department is also needed. Application forms for an exchange semester in Paris can be obtained from the Admissions office. Payment of tuition fees as well as the administrative and academic registration are completed at the home university, while courses are attended in the host university.

**Changing a Programme or Major**

If you feel that another major would better suit your career goals, a request to change the major may be made. In order to ensure this change will benefit you and is done efficiently, the request must be discussed first with your current Head of Department and next with the new Head of Department. Written approvals are required from the Heads of Department of both academic units, before being submitted for final approval to the Admissions Office, and should be done within a maximum duration of two weeks from the start of the Academic calendar. A request must be submitted to the Admission Office.

**Transfer Admissions**

Whilst Sorbonne University Abu Dhabi is very committed to the satisfaction and retention of its students, we understand that sometimes you may, for personal or other reasons, opt to join another university or programme. Credit transfer occurs under two circumstances:

**Transfer within institutions following the ECTS system:** Transfers can occur within similar programmes. If the programme is entirely similar every credit acquired will count towards the award of the degree to which you are transferring. Where the transfer is to a different programme either within Sorbonne University or from another institution following the ECTS system, then credit transfer will be based on a comparison of common courses in both programmes. This is a case-by-case decision.

No transfer of credit is awarded for courses that bear no relationship to the courses in the programme that you wish to transfer.

**Transfer from an institution not following the ECTS system:** A student transferring from any other university to a similar program offered at Sorbonne University will be required to provide his/her transcript with course descriptions for the courses completed at the previous institution. The courses will be compared to ensure that they are relevant to the program the student is transferring to. All transfer requests are reviewed at multiple levels - first by the Head of Department of the receiving institution/program, then the Admissions Committee, and finally by the UFR (Unité de Formation et de Recherche) in Paris.

The decision taken by these parties will be based on the standing of the University the applicant is wishing to transfer from, as well as the degree of equivalency of the courses and credits completed with those offered by Sorbonne University Abu Dhabi.

Where the transfer is to an entirely different program and bear no relationship to the courses a student has previously acquired, no credit transfer will be accepted. Sorbonne University will also not accept a transfer where a student has been excluded from the previous program in the same field on the basis of poor academic standing.

Unlike the exchange programme, a transfer is a definitive relocation. If you wish to execute a transfer, contact the Admission Section at the Registrar, as well as your Head of Department. Please keep in mind that asking for a transfer involves administrative work and a lot of commitment, so ask for it only when you are ready to commit to your decision.

**Suspension of Registrations and Re-Admission**

Deferment is considered for accepted students not attending courses who wish to defer or postpone their studies for one year or one semester (one semester is only for the FLE program).
Deferment is automatically granted for students joining the national service but remains subject to the program offering. Students called to join the military service do not need to take the entry test again, provided they enrol as soon as their military service ends. Even if the military service ends more than one year after deferment, and regardless of whether the FLE exams has expired or not.
Deferred Students applying to return to SUAD for the next semester or next academic year can keep the benefit of their admission (for only one semester or one year), subject to the program offering. Deferred students do not need to take the entry test again, provided they enrol within one year, subject to program offering.

You may later want to ask for a readmission. Re-admission is considered for accepted students that either left the university or never attended and who wish to come back. Re-admission is automatically granted for students joining the national service but remains subject to the program offering. Students called to join the military service do not need to take the entry test again, provided they enrol as soon as their military service ends. They do not need to apply on the CRM. Re-admission requests, with the exception of students coming back from military service, will be assessed by the Admission panel, taking into consideration the program, quota or the offering, the change in the criteria or admission process.

Students applying for readmission within the same academic year (second session of FLE) do not need to reapply on CRM. Students applying for readmission in different academic year, need to apply through CRM (apart from students called to join the military service).
Applicants who successfully passed the FLE entry test keep the benefit of their success for a validity of one year. They can enrol within one of the three intakes following their success at the entry test (Spring, Fall, Spring or Fall, Spring, Fall).

Students submitting the required language proficiency after the deadline, are eligible for readmission for the next academic year through CRM, based on the validity date of the language proficiency certificate at the time of readmission.

Withdraw

To withdraw from the University, you must complete the Clearance Process through the Admissions office. The clearance process requires confirmation from all relevant departments (IT, Library, Labs, Finance, Student Visa Office etc.) that there are no outstanding items to return or fees to pay. Students will not be provided with their academic transcripts until the clearance process is completed. In case the withdrawal occurs during the semester, and within certain authorized periods, you may ask for a refund as per the Refund Policy. To be considered for readmission to the University later, you must apply through the Admission Section.

Dismissal

The University may dismiss a student in case of lack of adherence to the academic, administrative and/or disciplinary rules of the University. Dismissed students are not entitled to any monetary refund. Find out more from the Student Code of Conduct by visiting the University Website: https://www.sorbonne.ae/wp-content/uploads/2023/08/Student-code-of-conduct.pdf.

Potential grounds for dismissal from the University may be because of the following reasons:
- Non-payment of any outstanding tuition fees for the semester
- Failure to provide the university with the documents proving you meet the standard required for admission; or to meet any other required conditions within the specified delay after being conditionally admitted
- Personal or medical circumstances preventing you from attending, where there is sufficient evidence that you are not able to attend or participate in the learning activities for an extended period of time
- Lack of attendance and/or disrespect of the Student Code of Conduct which leads to dismissal decided by the Disciplinary Committee.
The Finance Department provides details (timelines / payment methods and options) to students on tuition fees, housing fees, and any miscellaneous administrative fees. The Department is located on the 1st floor of the Administration building No. 2. Finance Department accepts payments from Monday to Thursday from 8:30 am to 3:30 pm, Friday from 8:30 am to 11:30 am.

Details of the tuition fees for each academic programme is also published online at: [https://www.sorbonne.ae/apply-now/tuition-and-administration-fees/](https://www.sorbonne.ae/apply-now/tuition-and-administration-fees/)
Tuition fees are fixed at the point of entry.

Each programme payment schedule can also be downloaded from the following link in our website: [https://www.sorbonne.ae/fees-and-scholarships/payment-schedules/](https://www.sorbonne.ae/fees-and-scholarships/payment-schedules/)
The institution strictly adheres to its published fee schedules.

Payments Methods, Refund Policy and Terms can also be downloaded from the following link in our website: [https://www.sorbonne.ae/fees-and-scholarships/payment-methods-and-refund-policy/](https://www.sorbonne.ae/fees-and-scholarships/payment-methods-and-refund-policy/)

Students are required to pay their Administrative, Tuition, and Housing Fees by the prescribed deadlines published for each academic year. Tuition schedules are published prior to the beginning of the first semester of each academic year.

Tuition and Fees
In its effort to support academic excellence and to help students conduct their studies in the best conditions, Sorbonne University Abu Dhabi offers scholarships to undergraduate, postgraduate, and Executive Education students based on merit and academic excellence. All students (except for those already under total or partial sponsorship, and exchange students) are eligible to apply for a scholarship. In order to ensure equal treatment among students, criteria for continuing eligibility of scholarships are solely based on the academic results achieved at the university.

Scholarships are offered as a percentage discount on tuition fees, and are managed through a Scholarship Committee, which meets each semester to review the academic performance of scholarship holders and new scholarship applicants, as well as their conduct and involvement in campus life. The Committee ranks applications according to the selection criteria.

The deadline for submitting an application is communicated every semester to all enrolled students. Applications are submitted using an on-line application form. Incomplete and late applications will not be assessed. Don’t miss the deadline and please check your Sorbonne University Abu Dhabi emails to be informed of the decisions of the Scholarship Committee.

For more information on undergraduate and postgraduate scholarships, please email admissions@sorbonne.ae and for information on Executive Education (CEED) Scholarships, email ceed@sorbonne.ae.

- Students currently receiving a 50% scholarship, must maintain an average between 14/20 and 15.99/20.  
- Students currently receiving a 75% scholarship, must maintain an average between 16/20 and 20/20.  
- L1 Students, coming from the foundation year, and achieving an average of 11/20 and above will be awarded a 25% Scholarship based on the results obtained in the 1st or 2nd semester of the Bachelor programme.  
- Students currently receiving a 50% scholarship, and are not currently enrolled in any foundation programme, and achieving an average of 14/20 and above will be awarded a 50% Scholarship.  
- Students currently receiving a 75% scholarship, and are not currently enrolled in any foundation programme, and achieving an average of 16/20 and above will be awarded a 75% Scholarship.
• For programmes taught in English: an English Proficiency level with a minimum of 7.0 for IELTS or 94 for TOELF IB

A minimum average of 14/20 is required to maintain the scholarship for the following semesters.

Consultation of Exam Paper

Students can consult their exam papers within a certain delay at the Exam Office, in the presence of the Professor and/or the Head of the concerned Academic Department. No other advocate may be present. The purpose of the meeting is to better understand the grading and the strengths and weaknesses of the submitted exam paper.

Academic Transcripts

Students. Once exam marks (for Contrôle Continu as well as Final Exams) are collated at Sorbonne University Abu Dhabi, these are then transferred to Paris and entered into the Apogée system (grading system used in France by Sorbonne Université and Université Paris Cité). Juries, composed of faculty, verify the grades, and finalize decisions for each major. As you are part of the partner Universities in Paris, your results will be verified along with Paris students, and the juries will meet according to the academic calendar followed by Sorbonne Université and Université Paris Cité. No result can, therefore, be communicated to students before the jury has been held in their major. Results and transcripts will be communicated to undergraduate students at the end of each semester. Postgraduate students may receive results and transcripts at the end of the academic year, depending on the calendar specific to their programme.

Once the final grades are received, the Admission Section at the Registrar uploads the transcripts and grades. Students with outstanding dues will not be permitted to view their grades. The Admissions section is able to assist you with your individual requests related to the transcripts.

Transcripts are in French and use a specific terminology. You may get in touch with your Programme Coordinator for an explanation on the terminologies used in the transcript. The transcripts indicate the grades you have obtained in each subject and the number of credits (ECTS) you have been granted (for Bachelor and Master programmes).

Academic Policies and Regulations
The French Grading System

The French grading system ranges from 0 to 20. Because of high academic standards maintained by the University, scoring a grade of 16 out of 20 is occasional. It is considered exceptional to achieve a grade of 18 or more. The French system may be difficult to understand if you followed the American or the British model of education earlier. In order to facilitate its understanding and comparison with these systems, the University has established an equivalence table as shown below:

Universities may use different policies for these “mentions”. It is the case for the Law and Economics Department of The University Paris Cite, which gives, in some programmes, a mention of Excellent: 18/20 and above.

Validation, Progression, Graduation Rules

Each University (Sorbonne Université, Université Paris Cite) and each Faculty has its specific rules, that’s why the rules may differ from one programme to the other.

Each programme has its specific assessment’s modalities. The evaluation plan for each course is communicated in the syllabus.
Fire Safety Regulations

All SUAD students are encouraged to maintain a safe and secure campus environment. Fire safety is of serious concern especially in the residence areas where students live in close proximity. Although you hold the primary responsibility of safe behaviour, the following guidelines will help you avoid/mitigate such risks:

- Do not use any high-power appliances such as hot plates, microwaves, kettles, and irons in your rooms. If any violation is noticed, the appliances will be confiscated.
- Do not use candles, incense, or oil lamps in rooms & common areas.
- Keep your room’s windows open.
- Do not hang any object (cloth, paper, or other flammable materials) on windows and the ceiling.
- Do not store any hazardous materials (fireworks and explosives, or any other sources of open flame).
- Keep your room clutter-free and do not accumulate flammable materials such as newspapers, cardboard boxes, etc.
- Do not store anything on hallways, building/room entrances and stairways.
- Do not create a false alarm or tamper with the fire alarm/protection systems.

As a student, it also very important for you to be familiar with evacuation procedures, be aware of exit routes, and respond sensibly in case of an emergency.

- When a fire alarm sounds, evacuate your room immediately. Exit the residence using the staircase, and follow the instruction of the Security Guard (or assigned Fire Marshal).
Familiarize yourself with evacuation routes, emergency signs, and assembly point areas.

Report any emergency situation to your teacher or Security or the Safety Officer.

Activate the alarm, if not activated, and shout, “Fire!”

Evacuate the facility immediately using the nearest, safe exit.

Do not use elevators.

Do not re-enter the premises to take personal belongings.

Proceed to designated Assembly Point Location, remain calm, and follow instructions.

If you are First Aid trained, identify yourself to designated Fire Marshal.

After evacuation, remain at your Assembly Point until further instructions are given.

Do not return to the facility until you are advised it is safe to do so.

Regulations on Dress Code

Sorbonne University Abu Dhabi seeks to maintain high standards of professionalism and expects its students to dress in a modest manner that respects UAE traditions and is appropriate for the UAE work environment. Any aspect of an attire that disputes the professional standards of the University may attract disciplinary action. In all cases, it is not appropriate to wear tight, revealing, unclean and unkempt clothing, shorts and above knee-length skirts, clothing with impolite or inappropriate wordings, low-rise sagging jeans or jeans with suggestive designs, and open-back halter tops.

Regulations on Smoking and Consumption of Alcohol, Drugs

Students are expected to be aware of the repercussions of active and passive smoking. To maintain a healthy living and working environment, and promote a healthy lifestyle, smoking of any substance is not permitted inside the academic and residential buildings. Likewise, consumption of alcohol, and drugs or narcotics is strictly prohibited in all areas of the campus. Anyone who indulges in smoking, or consumption of alcohol or drugs in prohibited areas will be subjected to disciplinary action. Every member of the Sorbonne community is responsible for the upkeep of this policy.
Foundation Year in Sciences

- For each course, the Evaluation Plan is communicated in the syllabus.
- Validation of the semester: a student validates a semester if the weighted average of the grades obtained in the courses of the Fundamental Block is greater than or equal to 10/20, and if the weighted average of the grades obtained in the courses of that semester is greater than or equal to 10/20.
- The Final grade for the Academic year is computed as the average of the grades obtained for each semester.
- Validation of the FYS: the FYS is validated if each semester is validated, and if the Final grade is greater than or equal to 10/20.
- Validating the FYS is the condition for a student to be admitted in the first year of the Bachelor (in Physics or in Mathematics): in case of failure in the FYS (Final grade below 10/20 and/or the grade obtained in one of the courses of the Fundamental Block is below 10/20), the student cannot join the first year of the Bachelor.
- The FYS can be taken only once, so that failure to validate the FYS excludes the student definitively from the programme unless a jury decision was to retake the foundation year.
First and Second Session – Definitions and Policies

Students can attempt to validate the FYS in two separate sessions. The first session results are obtained from the set of all the Assessments taken during and at the end of the course (Continuous Assessment, Final Examination and Laboratory Assessment, if applicable).

If the FYS is not validated in the first session (Final grade below 10/20 and/or weighted average of the grades obtained in the courses of either—or both—of the Fundamental Block is below 10/20), the student must take a Second Session Assessment for each one of the courses of the Fundamental Block which is not validated.

The grade of the Second Session Assessment replaces the grade obtained in the course (except for the part of the grade assigned to the Laboratory Assessment, if applicable), even if the former is lower than the latter. A new overall grade is then computed for the course. In case of unjustified absence to a Second session Assessment, the grade awarded to this Assessment is a zero.

At this point, a new grade is computed for each semester. The Final grade for the Academic year is then computed again, taking into account the newly calculated grades for each semester. The FYS is validated if the grade obtained for each of the Fundamental Blocks is greater than or equal to 10/20, and if the Final grade is greater than or equal to 10/20.

Results obtained by each student in each subject, each semester and in the year, as a whole, become final, once officially validated by the Grade Validation Committee (G.V.C.), which emits an overall evaluation of each student’s performance.

The G.V.C. consists of the Head of Department of Sciences and Engineering, the Programme Head of the B.Sc. in Physics, the Programme Head of the B.Sc. in Mathematics, specialization in Data Science for Artificial Intelligence, as well as all of the instructors intervening in the Foundation Year in Sciences. The G.V.C.’s decision is final and unappealable.

Foundation Year in Records Management and Archival Science

A course is validated if the weighted average of all the assessments of its Evaluation plan is greater than or equal to 10/20.

A semester is validated if the weighted average of the grades obtained to all the courses of that semester is greater than or equal to 10/20.

The final grade for the academic year is computed as the average of the grades obtained for both semesters. The FY RMAS is validated if the average is greater than or equal to 10/20 after the first exam session or after the catch up and jury points, if any. If a student does not validate the Academic year after the First session (Final grade below 10/20), he/she must take a Second Session Assessment.

It is allowed to take Second session Assessment only for the failed courses (grade below 10/20) which are part of a failed semester (grade below 10/20 for the semester), provided a Second Session Assessment is offered for such courses.

In case of unjustified absence to a Second Session Assessment for a failed course, the grade awarded to this course is a zero.

The grade of the Second session Assessment replaces the grade obtained in the course, even if the former is lower than the latter. A new overall grade is then computed for the course.

After the second session, a new final average is computed for each semester. The final grade for the academic year is then computed again, taking into account the newly calculated grades for each semester. The FY RMAS is validated if the final grade is greater than or equal to 10/20.

All the results are reviewed by the jury at the end of each semester and after the second session and the PV is transmitted to the Registrar.

The “Jury” may add “Points de jury” depending on the academic profile of the students and under the condition that the global average obtained by the student for the semester, or the year is at least 9.8.

In case of a failure in the FY RMAS i.e.: a final grade below 10/20, the student will not be permitted to join the first year of the Bachelor and is also not allowed to retake the FY RMAS.

French Intensive (FLE) Programmes

Students enrolled in FLE (Intensive French) programmes are required to obtain the passing score at the DU (University Diploma) exam in June or in August for enrollment to any Bachelor programme in the French Language at SUAD.

I. FLE Day Programme - 1 semester (January intake)

Advanced students who are enrolled in the 1.5 Year programme (see section C) may sit the DU in June Y1 or in August Y1. If they successfully pass the
DU exams, they can enter a Bachelor programme taught in French the next academic year, after one semester of Intensive French only.

II. FLE Day Programme - 1 year

The academic year of FLE (Foundation Year in Intensive French) Day Programme – 1 year consists of 2 semesters (Fall and Spring).

The assessment includes:
- The 1st semester continuous assessment
- The Mi-DU (mid-term) exam in January at the end of the first semester (Fall)
- The 2nd semester continuous assessment
- The DU (University Diploma) exam at the end of the second semester (Spring)

Students who fail to pass the year in June will have a second chance to retake the DU exam in August.

Attendance policy: Students with 40% of absences per semester in more than 3 courses (each of them), or 20% of overall absence per year, must provide supporting documents to justify their absences, otherwise they sit the DU of August. Student’s Attendance is reflected in the FLE transcript of each semester.

A. FINAL MARK OF THE PROGRAMME AFTER THE JUNE DU SESSION

The final Mark of the year is the average of:
1. The DU grade (June session) and
2. The Continuous Assessment Final Mark

In the event the DU average is greater than the Continuous Assessment Final Mark, the DU average will be considered as the Final Mark. The passing grade is 10 out of 20

1. DU Grade: The DU average is the average sum of all exams with the correspondent coefficient in place. Eliminatory grades: students must sit all the exams of the DU. All students must have a mark greater or equal to 6.00/20 to each one of the exams. Any grade below 6.00/20 is considered eliminatory. In case a student is absent from an exam his or her grade in this subject will be equal to “0.00”.

2. Continuous Assessment Final Mark

The continuous Assessment Final Mark is the average of:

a. The Semester 1 Final Mark and
b. The Continuous Assessment Semester 2 grade.

a. Semester 1 Final Mark: Semester 1 Final Mark is the average of:
- The Continuous Assessment Semester 1 grade and
- The mi-DU Exams Average.

- Continuous Assessment Semester 1 (Fall) Average grade:
  The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester.

  If the student took any Sports class during the semester, the bonus grade of the Sports course will be added:
  - “0.00” if the final grade of the Sports class is less than 10.00/20
  - “0.25” if the final grade of the Sports class is less than 12.00/20
  - “0.5” if the final grade of the Sports class is less than 14.00/20
  - “0.75” if the final grade of the Sports class is less than 16.00/20
  - “1.00” if the final grade of the Sports class is 16.00 and above.

- Mi-DU Exam Average grade: Mi-DU Exam Average grade is the average sum of all exams with the correspondent coefficient in place.

b. Continuous Assessment Semester 2 (Spring) grade:

The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester. The bonus grade for Sports and CinéFLE and FLE Social Média (elective courses) are added accordingly, applying the same calculation as for the Sports classes, semester 1.

B. FINAL MARK OF THE PROGRAMME AFTER THE CATCH-UP SESSION

If a student fails the year after the DU exams in June, he or she will be granted a second attempt to sit the DU exams in August as a catch-up exam session.

The DU August Average grade is determined as the average sum of all exams with the correspondent coefficient in place. The passing grade is 10 out of 20
III. FLE DAY PROGRAMME - 1.5 YEARS

The academic year of FLE (Foundation Year in Intensive French) Day Programme – 1.5 years consists of the 3 semesters (Spring Y1: S1; Fall Y2: S2; and Spring Y2: S3).

The assessment includes:

- The 1st semester (Spring Y1) continuous assessment
- The mi-DU (mid-term) exam in June at the end of the first semester (Spring Y1)
- The second semester continuous assessment (Fall Y2)
- The mid-term exams at the end of the second semester (Fall Y2) in January
- The third semester continuous assessment (Spring Y2)
- The DU (University Diploma) exam at the end of the second semester (Spring Y2) in June

Students who fail in June (Y2) will have a second chance to retake the DU (University Diploma) exam in August. In this case the DU August average is considered as the only Final Mark of the year. No other grades are taken into consideration.

Attendance policy: Students with 40% absences per semester in more than 3 courses (each of them), or 20% of overall absence per year, must provide supporting documents to justify their absences, otherwise they sit the DU of August. Student’s Attendance is reflected in the FLE transcript of each semester.

A. SEMESTER 1 (SPRING Y1) FINAL MARK

Semester 1 Final Mark is the average of:
1. The Continuous Assessment Semester 1 Average grade and
2. The mi-DU Exam Average grade

1. Continuous Assessment Semester 1 (Spring Y1) Average grade:
The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester.
If the student took any Sports class during the semester, the bonus grade of the Sports course will be added:
- “0.00” if the final grade of the Sports class is less than 10.00/20
- “0.25” if the final grade of the Sports class is less than 12.00/20
- “0.5” if the final grade of the Sports class is less than 14.00/20

2. Mi-DU Exam Average grade:
Mi-DU Exam Average grade is the average sum of all exams with the correspondent coefficient in place.

N.B.: The Semester 1 final mark is used to dispatch students in different tracks (beginners, advanced, etc.) for the next year. It’s not a passing grade.

B. FINAL MARK OF THE PROGRAMME AFTER THE JUNE (Y2) DU SESSION

The final Mark of the year (Y2) is the average of:
1. DU grade (June session, Y2)
2. Continuous Assessment Final Mark of the year (S2 and S3)

In the event the DU average is greater than the Continuous Assessment Final Mark, the DU average will be considered as the Final Mark.
The passing grade is 10 out of 20

1. DU Average:
The DU average is the average sum of all exams with the correspondent coefficient in place.

Eliminatory grade: students must sit all the exams of the DU. All students must have a mark greater or equal to 6.00/20 to each one of the exams. Any grade below 6.00/20 is considered eliminatory. In case a student is absent from an exam his or her grade in this subject will be equal to “0.00”.

2. Continuous Assessment Final Mark Y2

Continuous Assessment Final Mark Y2 is the average of:
a. Continuous Assessment Semester 3 grade and
b. Semester 2 Final Mark.

a. Continuous Assessment Semester 3 (Spring Y2) grade: The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester.
The bonus grades for Sports and CinéFLE (elective courses) are added accordingly, applying the same calculation as for the Sports classes, semester 1.
b. Semester 2 Final Mark:
Semester 2 Final Mark is determined as the average of:
\- The Continuous Assessment Semester 2 Average grade
\- The Semester 2 Exams Average.

\- Continuous Assessment Semester 2 (Fall Y2) Average grade:
The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester.
If the student took any Sports class during the semester, the bonus grade of the Sports course will be added, applying the same calculation rule as for the Sports classes, semester 1.

\- Semester 2 Exam Average grade:
Semester 2 Exam Average grade is the average sum of all exams with the correspondent coefficient in place.

C. FINAL MARK OF THE PROGRAMME AFTER THE CATCH-UP SESSION (AUGUST Y2)

If a student fails to pass after the DU session in June (Y2) he or she will be granted a second attempt to sit the DU exams in August as a catch-up exam session. The DU August grade is the average sum of all the exams, weighted by their respective coefficient.
In this case the DU August average is considered as the only Final Mark of the year. No other grades are taken into consideration. The passing grade is 10 out of 20.

Note: in the 2nd semester (Fall) of the FLE (Foundation Year in Intensive French) Day Programme- 1.5 years, students will join new groups of different levels, including elementary or advanced groups, depending on their results of the first semester. Note that students with a failing grade at the mi-DU exams will start at the beginner level.

IV. FLE DAY PROGRAMME -2 YEARS

The academic year of FLE (Foundation Year in Intensive French) Day Programme – 2 years consists of the 4 semesters (Fall Y1, Spring Y1, Fall Y2 and Spring Y2).

The first-year assessment includes:

\- The (mid-term) exams at the end of the first semester (Fall, Y1) in January
\- The second semester continuous assessment
\- The mi-DU (mid-term) exam at the end of second semester (Spring, Y1) in June.

The second-year assessment includes:
\- The semester 1 continuous assessment
\- The (mid-term) exams at the end of the first semester (Fall, Y2) in January
\- The second semester continuous assessment
\- The DU exams at the end of the second semester (Spring, Y2), in June.

Attendance Policy: Students with more than 40% of absence per semester in more than 3 courses (each of them), or 20% of overall absence per year, must provide supporting documents to justify their absences, otherwise they sit the DU of August. Student’s Attendance is reflected in the FLE transcript of each semester.

A. FIRST YEAR FINAL MARK

The first-year final mark is the average of:
1. Mi-DU Exam grade
2. Continuous Assessment final mark

The passing grade is 10 out of 20.

1. Mi-DU Exam Grade

The Mi-DU takes place at the end of Semester 2. The Mi-DU grade is the average of all the exams subjects weighted by their respective coefficient.

2. Continuous Assessment final mark

The Continuous Assessment final mark is the average of the:
\- Continuous Assessment Semester 2 grade
\- Semester 1 Final Mark.

\- Continuous Assessment Semester 2 grade is the average sum of all the subjects of S2 weighted by their respective coefficient.
If the student took any Sports class during the semester, the bonus grade of the Sports course will be added:
\- “0.00” if the final grade of the Sports class is less than 10.00/20
\- “0.25” if the final grade of the Sports class is less than 12.00/20
"0.5" if the final grade of the Sports class is less than 14.00/20
"0.75" if the final grade of the Sports class is less than 16.00/20
"1.00" if the final grade of the Sports class is 16.00 and above

b. Semester 1 final mark is the average of the:
   - Continuous assessment semester 1 grade
   - Semester 1 exams grade

   Continuous Assessment Semester 1 grade: the average sum of all the subjects of S1 weighted by their respective coefficient.
   If the student took any Sports class during the semester, the bonus grade of the Sports course will be added:
   "0.00" if the final grade of the Sports class is less than 10.00/20
   "0.25" if the final grade of the Sports class is less than 12.00/20
   "0.50" if the final grade of the Sports class is less than 14.00/20
   "0.75" if the final grade of the Sports class is less than 16.00/20
   "1.00" if the final grade of the Sports class is 16.00 and above

   Semester 1 exams grade: the average of all the exams subjects weighted by their respective coefficient.

B. SECOND YEAR FINAL MARK

The result of the second year is calculated in the same way and follow the same rules as the FLE 1-year programme, as explained above (II, A and II, B)

Note: in the 2nd year of the FLE (Foundation Year in Intensive French) Day Programme- 2 years, students will join new groups of different levels, including elementary or advanced groups, depending on their results of the first semester. Note that students with a failing grade at the mi-DU exams will start at the beginner level.

V. FLE EVENING PROGRAMME - 2 YEARS

The academic year of FLE (Foundation Year in Intensive French) Day Programme – 2 years consists of the 4 semesters (Fall Y1, Spring Y1, Fall Y2 and Spring Y2).

The first-year assessment includes:
- The semester 1 continuous assessment
- The (mid-term) exams at the end of the first semester (Fall, Y1) in January
- The second semester continuous assessment

The mi-DU (mid-term) exam at the end of second semester (Spring, Y1) in June

The second-year assessment includes:
- The semester 1 continuous assessment
- The (mid-term) exams at the end of the first semester (Fall, Y2) in January
- The second semester continuous assessment
- The DU exams at the end of the second semester (Spring, Y2), in June

Attendance Policy: Students with more than 40% of absence per semester in more than 3 courses (each of them), or 20% of overall absence per year, must provide supporting documents to justify their absences, otherwise they sit the DU of August.

Student's Attendance is reflected in the FLE transcript of each semester.

A. FIRST YEAR FINAL MARK

The first-year final mark is the average of the:
1. Mi-DU Exam grade
2. Continuous Assessment final mark

The passing grade is 10 out of 20.

1. Mi-DU exam grade
The Mi-DU takes place at the end of Semester 2. The Mi-DU grade is the average of all the exams subjects weighted by their respective coefficient.

2. Continuous Assessment final mark
The Continuous Assessment final mark is the average of the:
   a. Continuous Assessment Semester 2 grade
   b. Semester 1 final mark

   a. Continuous Assessment Semester 2 grade is the average sum of all the subjects of S2 weighted by their respective coefficient.

   b. Semester 1 final mark is the average of the:
      - Continuous assessment semester 1 grade
      - Semester 1 exams grade

   Continuous Assessment Semester 1 grade: the average sum of all the subjects of S1 weighted by their respective coefficient.
**B. SECOND YEAR FINAL MARK**

**I. FINAL MARK OF THE PROGRAMME AFTER THE JUNE DU SESSION**

The first-year final mark is the average of the:

1. The DU grade (June session) and
2. The Continuous Assessment Final Mark

In the event the DU average is greater than the Continuous Assessment Final Mark, the DU average will be considered as the Final Mark.

The passing grade is 10 out of 20

1. **DU grade:**
   The DU average is the average sum of all exams with the correspondent coefficient in place.

   **Eliminatory grades:** students must sit all the exams of the DU. All students must have a mark greater or equal to 6.00/20 to each one of the exams. Any grade below 6.00/20 is considered **eliminatory**. In case a student is absent from an exam his or her grade in this subject will be equal to “0.00”.

2. **Continuous Assessment Final Mark:** The Continuous Assessment final mark is the average of the:
   a. **The Semester 1 Final Mark**
   b. **The Continuous Assessment Semester 2 grade**

   a. **Semester 1 Final Mark:** The Semester 1 Final Mark is the average of:
      i. The Continuous Assessment Semester 1 grade and
      ii. The Mi-DU Exams Average

      b. **Continuous Assessment Semester 1 (Fall) Average grade:**
         The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester

      c. **Mi-DU Exam Average grade:** Mi-DU Exam Average grade is the average sum of all exams with the correspondent coefficient in place

**b. Continuous Assessment Semester 2 (Spring) grade:**

The average of the sum of all subjects proposed by the curriculum and taken by the FLE students during the semester, weighted by their coefficients, forms the Continuous Assessment Average mark of the semester

**II. FINAL MARK OF THE PROGRAMME AFTER THE CATCH-UP SESSION**

If a student fails the year after the DU exams in June, he or she will be granted a second attempt to sit the DU exams in August as a catch-up exam session. In this case the DU August average is considered as the only Final Mark of the year. No other grades are taken into consideration.

The DU August Average grade is determined as the average sum of all exams with the correspondent coefficient in place. The passing grade is 10 out of 20.

**F. NOTE ON THE DU CATCH-UP SESSION**

The DU catch-up session of August is open to all students, even to those who are not enrolled in the FLE programme but wish to certify their level in French in order to enter a Bachelor in French.

**G. FLE REPEATER POLICY**

A student with a failing grade (i.e a final grade below 10/20) will be given one chance to repeat the Foundation Year in Intensive French: in other words, a student is allowed to extend his studies only for two semesters and according to the below table:

Undergraduate Programmes
Undergraduate Programmes

Rules of Sorbonne University’s Faculty of Humanities

An undergraduate programme is organized over 6 semesters (S1, S2, S3, S4, S5, S6) of 30 credits each (European credits and Transfer System) spread over 3 years (L1, L2, L3).

Each semester is made of UEs (Unités d’enseignement: Teaching units) and some UEs are made of ECs (Eléments constitutifs: Constituent elements). A UE can be validated at each period in which it is taught. To be awarded a minimum grade of 10 out of 20 means successfully achieving one EC, or UE, or semester. Achievement can, however, be obtained by compensation.

- A UE is validated if the average of its ECs is a minimum of 10 out of 20. This validation can be the result of passing all ECs related to a UE or be obtained by compensation between these ECs.
- A semester is validated if its average is a minimum of 10 out of 20. This validation can be the result of passing all UEs related to the semester or be obtained by compensation between these UEs.
- A year of study is validated if the annual average of both semesters constituting the same academic level is a minimum of 10 out of 20. This validation can be the result of the validation of these two semesters by passing them both or by compensation between them.

Compensation cannot occur between EC of different UEs, UEs of different semesters or semesters of different years of study.

There is three possible assessment modalities: for each UE and ECs, the relevant modality is specified in the syllabus of the course:

- Integral continuous assessment (CC): it consists of several assignments, works or exams (at least two) made during the semester. There is no final exam nor catch-up exam.
- Mixed assessment (CC+ CT): it is made of evaluations done throughout the semester and a final exam at the end of the semester. There is a catch-up session.
- Final assessment (CT): there is only one exam per EC or UE or group of UEs at the end of the semester. There is a catch-up session.

In case of absence at a CC evaluation, and in case the absence is considered justified by the Head of department, on the basis of supporting documents, another session can be organized. If the absence is unjustified, no other session will be organized and the grade will be 0.

In case of absence at a CT no replacement exam is organized beside the exams of the 1st session and the catch-up session and the grade is zero.

There is no eliminatory grade.

If the annual average of a year of study is less than 10 out of 20 after the first exam session (January for the S1; May for the S2), student must retake the failed UE/EC (evaluated at the first session) of each failed semester at the make-up session (in June/July for both semesters), with the following conditions:

- Within one failed semester, all validated UEs (or ECs of a validated UE) are not to be repeated, even to improve results.
- For non-validated UEs, only ECs below 10 are to be repeated.
- Absence at the make-up session leads to a replacement of the previous grade by an ABI (Absence injustifiée), it means a 0 out of 20.

Following the make-up session, the notes of the catch-up session replace that of the initial session (even if they are not better than the previous one) and the average is calculated. You can either validate all the semesters, or only one of them, or fail both.

In case the UE fully evaluated through CC are failed and the final average of the year of study is less than 10 out of 20, the student will have to retake the failed UE and/or EC the next year.

You can move to the next level of the Licence by validating both semesters of the current year, either by achieving a minimum average of 10 out of 20 in each semester or by compensation. Students may also pass to the next level without having completed all the UEs. In this situation (in debt/AJAC), students are enrolled simultaneously in two consecutive years of the same programme.

The minimal conditions to be authorized to continue in case you did not validate all the semesters of the previous years:

- To register in S3 you should have obtained S1 and/or S2.
- To continue in S4, you must validate at least two of the three previous semesters.
- To continue in S5 you must validate year one and either S3 or S4: the student cannot pass to the third year, if both S1 and S2 are not note validated even if he validates S3 and S4.
To continue in S6 you should have validated S1 and S2 and at least two semesters among S3, S4 and S5.

In those cases, students must register for and validate the missing UEs during the following year. Students should discuss with their Academic Coordinator and/or the Head of Department in order to understand exactly what remains to be validated.

Graduating at the end of the third year of Licence requires successful completion of the six semesters (S1, S2, S3, S4, S5, and S6), directly or by compensation, as explained above.

There is no eliminatory grade. Once validated, one UE and the related ECTS (credits) are definitively acquired. In case the UE has not been validated, any EC grade higher or equal to 10/20 can be kept for maximum four years from when they are obtained.

Based on the average of the results obtained after completion of the 6 semesters of the Bachelor Programme, the degree issued will include the below information:

- “Assez bien” (“Fairly good”) when the diploma result is between 12 and 13.99 out of 20
- “Bien”, (“Good”) when the diploma result is between 14 and 15.99 out of 20
- “Très bien” (“Very good”) when the diploma result is equal to or greater than 16 out of 20

Rules of Sorbonne University’s Faculty of Sciences and Engineering

To obtain their Bachelor’s degree, students follow a course divided in 6 pedagogical semesters (S1, S2, S3, S4, S5, S6), grouped in 3 pedagogical years (L1, L2, L3).

The curriculum is broken down into teaching units (Unités d’enseignement, UE). Each teaching unit corresponds to a coherent set of lessons and represents a set of skills, knowledge and/or know-how. Each UE is assigned a number of credits (ECTS) proportional to the total volume of activities that a student who follows this UE must provide. Each teaching semester totalizes 30 ECTS. Six semesters of 30 credits or 180 ECTS in total are necessary to validate a Bachelor.

All the UEs (except internships or special projects or OIP) are evaluated through CC (continuous assessments) only: it consists of several evaluations being done during the semester. If the semester is not validated, there is a second chance for each failed UE (except internship or special projects or OIP).

There is no eliminatory grade.

Validation of UEs

A UE can be validated at each period in which it is taught. The validation of a UE can be obtained in two different ways:

- If the average of all the marks taken into account for this UE, affected by their respective coefficient, is greater than or equal to 10 out of 20
- By decision of the jury (semester or annual compensation, or points de jury)

Validation of semesters

A semester can be validated in four different ways:

- By acquisition of all the UEs constituting the semester
- By semester compensation, when at least one of the UE of the semester is not acquired, but that the general average of the semester (of all the constituent UE of the semester affected by their respective coefficient) is greater than or equal to 10 out of 20. The credits associated with the UE not acquired this semester are then acquired
- By annual compensation, when the average of the two semesters of the academic year is greater than or equal to 10 out of 20. The credits associated with the UE not acquired in one of these semesters are then acquired
- By decision of the Jury, when the average of the two constitutive semesters of the teaching year is less than 10 out of 20

Half-yearly compensation is made at the end of the period on the 30 credits relating to the teaching units constituting the semester. All teaching units registered in the semester teaching contract participate in the compensation.

In the event that the student, in agreement with the training department in which s/he is registered, has prepared during this period for more than 30 credits, the compensation is then made on the 30 credits of the semester educational contract, the UE additional not provided for in the semester teaching contract do not enter into the compensation.

The compensation between semester is made at the end of the teaching year, after the initial assessments, then, if necessary, at the end of the second chance. The score is calculated for an academic year and the compensation of semesters of 2 different programme years (L1 and L2 for example) does not arise.
Second chance assessment
If a semester is not validated, nor compensated after the initial assessments of both semesters have taken place, a second chance is offered for any teaching unit not acquired (except internship, special projects and OIP). In the event of non-attendance at the second chance, the results of the initial assessment are kept.

At the end of the second chance, the marks of the initial tests which were not subject to the second chance are retained. The marks of the initial test which have been subject to the second chance are replaced by the second chance note when this score is higher, taking into account the respective coefficient, and otherwise are kept. The semester is validated if the average is at least 10 out of 20, or by compensation with the other semester, or by jury points.

A student can waive the semester or the annual compensation in order to improve his average. He/she must notify the Head of the academic department in writings within two working days of the publication of the results of the initial assessment. In this case, he/she is declared not admitted and he/she must pass all the “second chance assessments” of the UEs not acquired during the initial assessment.

Progression to the next pedagogical year
To enter the next level, the student should have validated the year, either directly, or by compensation between the two semesters. A student cannot be enrolled simultaneously in teaching units of two different pedagogical years of the programme (for example: S1 and S3, S2 and S4 etc.). Each UE validated, either by achieving 10 out of 20 or by compensation or by decision of the jury is definitively acquired, as well as the related ECTS.

If a student repeats only one of the two semesters, the results of the validated semester are taken into account in the validation process of the year of repetition.

When a UE is not validated at the end of the academic year, its grade is lost in totality. If they are greater than or equal to 12 out of 20, the marks assessing the practical skills, the internships, the projects, and bibliographic research are kept for one year.

No grade is eliminatory.

Validation of the degree
The Bachelor degree is obtained by validating each of the six semesters of the programme, after possible application of the rules of compensation and decision of the jury.

Mentions “passable”, “fairly good”, “good”, “very good” are awarded by the jury of the degree, based on the average of the last two semesters of the diploma.

Rules of the University of Paris Faculty of Law, Economics and Management
A bachelor programme is organized over 6 semesters (S1, S2, S3, S4, S5, S6) of 30 credits each (European credits and Transfer System) spread over 3 years (L1, L2, L3).

The curriculum is made of “fundamental teaching units” and other teaching units, both clearly identified in the structure of the programme.

Validation of UEs
A UE whose score is greater than or equal to 10/20 is definitively acquired and capitalizable.

The fundamental teaching units of one semester are definitively acquired by compensation if the global average in the block formed by these fundamental UEs, weighted by their coefficient, is greater than or equal to 10/20; or by compensation between the blocks of fundamental UEs of the two semesters of the same pedagogical year.

All teaching units of a validated semester are definitively acquired. The acquisition of the teaching units entails the acquisition of the corresponding ECTS.

Validation of semesters
A semester is obtained and validated under the two following cumulative conditions:

- Obtain, for the block formed by the fundamental units an overall average, weighted by the coefficients of the UEs, equal to or greater than 10/20; or obtain for the blocks of fundamental units of the two semesters of the same pedagogical year and overall average of at least 10/20
- Obtain, for all the UEs constituting the semester, an overall weighted average equal to or greater than 10/20

The validation of the semester entails the acquisition of 30 ECTS.

Validation of the year
The year is obtained under the two following cumulative conditions:

- The average of the two semester blocks of fundamental UE is greater than or equal to 10/20
- The average of the two semesters is greater than or equal to 10/20

The validation of the year entails the acquisition of the corresponding ECTS (60 ECTS)
**Progression to the upper year**
The student who has validated the 60 ECTS of the study year is registered in the upper year of the diploma.

A student who failed to validate the year is authorized to continue in the upper year of the programme as AJAC if and only if he/she fulfills the two following conditions:

- Have validated at least 48 ECTS out of the 60 ECTS of the current year
- Have validated the block of fundamental units of each semester of the current year

AJAC students must repeat all the failed units.

No enrollment in L3 is authorized until the two semesters of the L1 are validated

**Validation of the degree**
The Bachelor’s degree is obtained when all 3 years have been validated. The total of ECTS acquired is 180.

The validation of the units, the semesters, the years, and the degree, direct of by compensation, is verified by the jury.

**Mentions**
Mentions are awarded by semester, by year and by degree

- “Passable” is awarded to students who have validated the year and whose overall weighted average is greater than 10/20
- “Assez Bien” (“Fairly good” is awarded to students who have validated the year and whose overall weighted average is greater than 12/20
- “Bien” (“Good”) is awarded to students who have validated the year and whose overall weighted average is greater than 14/20
- “Très bien” (“Very good”) is awarded to students who have validated the year and whose overall weighted average is greater than 16/20
- “Excellent” (“Excellent” is awarded to students who have validated the year and whose overall weighted average is greater than 18/20

The Mention of the degree is that of the last year.

**Second session**
The control of the acquisition of knowledge is done within the framework of a first session of evaluation. Students who do not validate the year in the first session have the right to participate in a second session. Following the make-up session, the notes of the second if they are better than the grades obtained for the same UE at the first session and the average is recalculated, according to the respective coefficient of the courses and UEs.
General Education

The General Education programme at Sorbonne University Abu Dhabi has been developed to comply with MoE and CAA requirements and standards in the UAE.

The General Education programme aims to provide a holistic and enriching educational experience that will support students transitioning into a higher education programme in the UAE and foster the development of well-rounded graduates who are duly prepared for the demands of contemporary society. The programme is designed to ensure students have the opportunity to develop a range of generic skills, transferable skills and life skills which can be adapted to today’s rapidly changing world and support the acquisition of general knowledge beyond the technical knowledge and expertise required for the respective programme of study.

During this comprehensive General Education programme, which will be delivered over 3 years, students will be exposed to a range of learning and teaching modalities including: lectures, seminars, field trips, conferences and the opportunity to engage in project-based learning. Students will work in inter-disciplinary groups to engage in real-world projects, where the focus is on students as creators, rather than recipients, of new knowledge. Being exposed to content across different disciplines, students will examine authentic scenarios related to each course of study and integrate multiple perspectives into a final poster or presentation.

The General Education programme aims to support student’s academic and personal development in the UAE ecosystem and to foster the skills of both independent and lifelong learning.

Upon completion of the General Education courses, students will be able to demonstrate a clear understanding and interpretation of UAE values and society, Islamic culture and traditions, and how to apply critical thinking to promote greater innovation and enterprise, and sustainable best practice in all facets of life.

General Education Courses

The SUAD General Education programme will be delivered across 3 bespoke courses each of which has 5 modules and each course will be delivered in the following order:

License 1: UAE Studies
License 2: Islamic Studies
License 3: Sustainability, Innovation, and Entrepreneurship
Postgraduate Programmes
Postgraduate Programmes
Postgraduate programmes are typically 4-semester programmes, totalizing 120 ECTS.

SUAD offers one Master with specific delivery format: the Master in Marketing, Management, Communication, Media: being a M2, students are directly admitted in the second year and are granted the equivalency of the 1st year. The total of ECTS is 120. The programme is offered over three semesters.

Postgraduate Programme Progression Rules
Each programme has its specific assessment modalities. Kindly refer to your Academic Coordinator or to the Catalogue of the courses and the syllabi of the courses.

Validation of UEs
A UE is validated if the average of its EC (if any), weighted by their respective coefficient, is a minimum of 10 out of 20. This validation can be the result of passing all ECs related to the UE or be obtained by compensation between ECs. Compensation cannot occur between ECs of different UE. For UEs that are not made of EC, the UE is validated if the average of all assessments of the UE, weighted by their respective coefficient, is a minimum of 10 out of 20.

Once a UE is validated it is definitively acquired, as well as the corresponding ECTS.

Validation of semesters
A semester is validated if the average of its UEs weighted by their respective coefficient, is a minimum of 10 out of 20. This validation can be the result of passing all UEs or be obtained by compensation between UEs. Compensation cannot occur between UEs of different semesters.

Validation of a year of study
A year of study is validated if the average of both semesters constituting the same academic level is a minimum of 10 out of 20. This validation can be the result of passing both semester or be obtained by compensation between them.

Progression to the upper level
Students can move to M2 only by validating the M1.

Validation of the degree
The degree is obtained by validating each of the years. No compensation occurs between different pedagogical years.

There is no eliminatory grade.

Depending on their specific rules, Master’s programmes may or may not have final exam and catch-up sessions. Kindly refer to your Academic Coordinator and to the Catalogue and syllabi of the courses.

Catch-up session general rules of SU Faculty of Humanities
- Catch-up sessions grades replace the grades of the failed courses and the weighted average is recalculated.
- In case a student is absent at the catch-up session, the grade is 0.

Second chance general rules of UPC Faculty of Law, Economics and Management
- Second chance grades replace the grade of the failed if they are better than the grades obtained for the same UE at the first session.
- In case a student is absent at the second chance, the grade is zero.

Mentions
Each Faculty has its specific rules regarding the Mentions.

1. SU faculty of humanities degrees
- “Assez bien” (“Fairly good”: 12 to 13.99)
- “Bien” (“Good”: 14 to 15.99)
- “Très bien” (“Very good”: 16 and above)

The mention of the degree is awarded based on the average of the 4 semesters of the programme.

2. SU Faculty of sciences degrees
- “Passable” (“Passable”: 10 to 11.99)
- “Assez bien” (“Fairly good”: 12 to 13.99)
- “Bien” (“Good”: 14 to 15.99)
- “Très bien” (“Very good”: 16 and above)

The mention of the degree is awarded based on the average of the last 2 semesters of the programme.

1. UP Faculty of Law, Economics and Management degrees
- “Passable” (“Passable”: 10 to 11.99)
- “Assez bien” (“Fairly good”: 12 to 13.99)
- “Bien” (“Good”: 14 to 15.99)
“Très bien” (“Very good”: 16 to 17.99)
“Excellent” (“Excellent”: 18 and above)

Mentions are awarded by semester, by year and by degree:
The mention of the degree is that of the last year.

Assessment Modalities

Assessment of a course is done either through Continuous Assessment (CC) or through Final Exam (CT) or through a combination of Continuous Assessment and Final Exam (CC+ CT). The respective part of each assessment in the calculation of the CC average depends on the course and is determined by the instructor, the respective part of CC and CT in the calculation of the UE’s average depends on your programme’s rules. The assessments modalities are explained in the course’s syllabus.

Academic Transcripts

Once exam marks (for Contrôle Continu as well as Final Exams) are collated at Sorbonne University Abu Dhabi, these are then transferred to Paris and entered into the Apogée system (grading system used in France by Sorbonne Université and Université Paris Cité). Juries are established by the President of the University in Paris (SU or UPC), they are composed of faculty. They verify the grades, and finalize decisions for each major. As you are part of the partner Universities in Paris, your results will be verified along with Paris students, and the juries will meet according to the academic calendar followed by Sorbonne Université and Université Paris Cité. No result can, therefore, be communicated to students before the jury has been held in their major. Results and transcripts will be communicated to undergraduate students at the end of each semester. Postgraduate students may receive results and transcripts at the end of the academic year, depending on the calendar specific to their programme.

Once the final grades are received, the Admission Section at the Registrar uploads the transcripts and grades. Student with outstanding dues will not be permitted to view their grades. The Admissions section is able to assist you with your individual requests related to the transcripts.

Transcripts are in French and use a specific terminology. You may get in touch with your Programme Coordinator for an explanation on the terminologies used in the transcript. The transcripts indicate the grades you have obtained in each subject and the number of credits (ECTS) you have been granted (for Bachelor and Postgraduate programmes).

Consultation of Exam Papers

Students can consult their exam papers within a certain delay at the Exam Office, in the presence of the Professor and/or the Head of the concerned Academic Department. No other advocate may be present. The purpose of the meeting is to better understand the grading and the strengths and weaknesses of the submitted exam paper.

Progression from Foundation Year to Undergraduate Programmes

- From French intensive to bachelor programmes taught in French Valitating the DU (Diplôme d’Université) in June or in August, is the condition for the students enrolled in the French Intensive Programme to pursue in the Bachelor Programme in which they were offered conditional admission when enrolled in FLE
- From foundation year in records management to the bachelor in records management and archival science The validation of the FYRMAS is the condition for a student enrolled in this programme to be admitted in the 1st year of the Bachelor in Records Management and Archival Science. In case of failure, the student cannot join the Bachelor and is not allowed to retake the FYRMAS.
- From foundation year in sciences to the Bachelor in Physics or the bachelor in mathematics Validating the FYS is the condition for a student enrolled in the FYS to pursue into the first year of the Bachelor in Physics or the first year of the Bachelor in Mathematics (depending on the programme in which the student was offered conditional admission when registered in the FYS). In case of failure in the FYS, the student cannot join the Bachelor and is not allowed to retake the FYS.

Progression from Undergraduate to Postgraduate Programmes

Once you have obtained your undergraduate degree, you are entitled to join a postgraduate programme at SUAD, provided you obtained the minimum GPA (12/20) and meet the specific requirements of the programme in which you want to enroll. Professional experience may also be considered, if relevant. For some of our Master programmes professional experience is a mandatory requirement.
Graduation and Your Degree

To graduate from Sorbonne University Abu Dhabi, students must:

- Graduating from the Undergraduate programmes, students at the end of the third year of the programmes requires successful completion of all six semesters directly or by compensation. The curriculum follows the European Credit Transfer System and Sorbonne Université (France) issues the Diploma. The two-year programme requires the completion of 180 ECTS.

- for Postgraduate programmes, students at the end of second year requires successful completion of all four semesters directly or by compensation. The curriculum follows the European Credit Transfer System and Sorbonne Université (France) issues the Diploma. The two-year programme requires the completion of 120 ECTS.

The following Degrees are issued by Sorbonne Université and Universite Paris Cite in France

- Undergraduate’s degree (Licence)
- Postgraduate’s degree
- University Diploma

Graduation Ceremony

A graduation ceremony is held usually in November of every year. On this special day, Bachelor, Master and DU Sports’ graduates are surrounded by relatives and friends, eminent personalities from the government, and business communities. In addition, the event will be graced by the chairman of our Board of Trustees and other Board members, the President of Sorbonne University in Paris our Executive Committee members, “Les Amis de la Sorbonne” representatives, members of the media, as well as Academic and Administrative team members from Sorbonne Université and Université Paris Cité. You should have cleared all outstanding fees and duly returned any university property to find a place in the graduation list. For any enquiries relating to graduation, email: graduation@sorbonne.ae

All You Need to Know About Your Degree

Your degree will not be handed to you before the graduation ceremony. You may however request for signed academic transcripts and/or a completion certificate. Note that:

- All degrees are issued in Paris and forwarded to the Registrar department at Sorbonne University Abu Dhabi
- Your name on the degree is the legal name as per your passport submitted to the Registrar. It is your responsibility to ensure that your personal information is correct before the degree is issued. The University will not re-issue a degree for a mistake committed by the student
- Students living abroad may request the University to courier their degrees to an address. You must provide a complete physical address (not a PO Box) and an associated telephone number to ensure correct delivery, and also bear any related expenses
- You assume full responsibility for any damage/loss (regardless of the cause) to your degree after graduation. The University will not re-issue a damaged/lost degree. A “True Copy” may be issued on request. The student has to bear any related expenses for issuance of a True Copy
- For your degree to be recognized in the UAE, it needs to be attested by the Ministry of Education (Higher Education Affairs). More details can be found at https://www.moe.gov.ae There is no attestation required from France
- The degrees are issued in French language. Students may request for an official translation. Any related charges are borne by the student

- There is no attestation required from France
- The degrees are issued in French language. Students may request for an official translation. Any related charges are borne by the student
University Research Strategy

SUAD has a comprehensive research strategy to support its strategic plan and to outline its approach to building research capacity. This strategy relies on international teams that are supported by Sorbonne University research centres based in Paris. This approach guarantees the critical mass needed for research efficiency in the SUAD ecosystem. Research activity in SUAD is within Sorbonne University’s fields of excellence. The Sorbonne University institutes provide an extensive range of research topics, from ecological transition, heritage and music to medical engineering, data and artificial intelligence. The international teams of the Sorbonne University laboratories ensure a continuity for the research activities established at SUAD. Moreover, faculty are encouraged to create privileged contacts for partnerships with international companies based in the UAE and throughout the Middle East.

In addition, the SUAD campus is home to a branch of the French Centre Français de Recherche de la Péninsule Arabique (CEFREPA). The University is also very active in organizing conferences, colloquiums and various scientific events, to which internationally renowned researchers are invited.
Research Chairs of Excellence

SUAD is home to two industrial chairs of excellence: Total and Thales at the Sorbonne Centre for Artificial Intelligence (SCAI) in Abu Dhabi. The Centre engages in a range of activities to build research capacity, enhance research-based education and meet the national priorities of Abu Dhabi. The research infrastructure is set-up in accordance with the various research project specifications both within SUAD and in collaboration with corporate partners and institutions.

In addition to the 2 existing Chairs, SUAD is committed to establishing more Chairs in the coming years to align with its strategic priorities. Within these chairs, faculty will be supported to foster an environment of innovation and creativity, and students will be given an opportunity to actively engage in research.

Student Engagement in Research

As a multidisciplinary research led institution, SUAD nurtures research-based education and embeds research activity in both undergraduate and postgraduate programmes, where students are encouraged and supported to participate in research projects as well as develop their own initiatives.

The building of research capacity at the University has been facilitated by the creation of Chairs of Excellence. Through these Chairs, senior scientists deliver courses to students in their specialty, and students are encouraged to become Research Assistants and participate in a range of research activities.
